The research methodology proposed by University of Thessaly, has been successfully evaluated by external experts in the field of entrepreneurship from every partner country. The consortium is currently working on the European common report, which will be completed soon. The next phase is the preparation of the online and mobile version of the report, followed by designing and structuring the Virtual Integrated Start-ups Ecosystem.

VIRTUAL INTEGRATED START-UPS ECOSYSTEM

THE PROJECT AIMS TO:

Strengthen entrepreneurship competences of start-uppers and potential entrepreneurs in the field of 3 most needed areas of entrepreneurship (Ideas and Opportunities, Resources and Into Action) together with taking up digital technologies to strengthen their business activities.

THE VIRTUAL INTEGRATED START-UPS ECOSYSTEM WOULD CONSIST OF:

- Skills' assessment tool - multimedia based tests assessing 6 skills and resulting in individual entrepreneurial roadmap.
- E-course - consisting of training modules on corresponding 6 skills.
- Entrepreneurial Coach - mutual learning platform allowing for connecting and sharing of products and services.
