UNIVERSITATEA DIN PITESTI (Coordinator)

University of Pitești (UPIT) is a state university, located in Pitești (in the Southern part of Romania, 120 kilometers from the capital Bucharest). It aims to be a dynamic and efficient HE provider in the region. Currently, it is a recipient for approx. 10.000 students from the Muntenia region. It has approximately 700 paid teaching and administrative staff. It consists of 6 different faculties offering Bachelor, Master, and Doctor Diplomas (www.upit.ro). Its objectives are to provide high-quality educational, training, and research services in order to train specialists in different fields and to create an intellectual community accredited by national and international quality agencies.

E&D Knowledge Consulting

E&D Knowledge Consulting is a consulting company specialized in the areas of innovation and knowledge management and capacity building for entrepreneurship and innovation.

In this way, E&D Knowledge Consulting aims to drive social and economic development through nurturing more innovative, skilled, and engaged citizens, workers and leaders, and to support the creation and growth of innovation and market leaders.

Innohub Valencia

Valencia Inno Hub (Innohub) is a Spanish non-profit organization born to put together talent, technology, as well as personal and professional development. It aims to promote entrepreneurship through actions supporting an innovative and technology creation environment, together with a special focus on disadvantaged social groups and their economic and social inclusion. Innohub believes in the necessity of change in the economic model to create a more competitive and value-adding economy, facilitating the necessary tools for our companies and individuals.

CWEP

The Centrum Wspierania Edukacji i Przedsiębiorczości (CWEP) is a non-governmental, non-profit organization founded on 30.06.2004 by a group of entrepreneurs, teachers, social activists, and IT specialists from Rzeszów, Poland. The Association's mission is to increase the quality of education training at all levels and in all its forms, as well as to promote entrepreneurship in order to foster the integration of any social group regardless of gender, age, and ethnic origin. The Association is financed by the own funds of its members and by EU grants.

2ND NEWSLETTER - JULY 2021

WARP INNOVATION OG

WARP INNOVATION OG is a small specialized innovation consulting company, run by 4 partners. We are working for industries from different sectors, SMEs, and governmental organizations mostly across the greater European geographic area (i.e. EU and the Balkans), and with a partner office in New York, we address the US-American market. We are specialized in the fields of new product development, service innovation, process innovation, business model innovation, innovation management, and digital transformation.

Our progress:

Finally, we can announce that we have finished Intellectual Output number 1. The intention of this output has been to see the level of Open Innovation skills and abilities in the local market.

With the development of this intellectual output, great progress has been made on, for growth companies, improve the development of innovation, and better respond to the customer needs.

Our commitment to open innovation remains as we continue to develop the following outputs. Our intention is to amplify the methodology needed to learn more about this discipline, as well as, in a didactic way, to enable startups and other targets of this project to learn about open innovation.
