

SUBSTANCE OF CIRCULAR ECONOMY CONCEPT AS EFFICACIOUS DETERMINANT FOR THE DEVELOPMENT OF SUCCESSFUL ENTREPRENEURSHIP

PROJECT NUMBER: 2020-1-ES01-KA202-083137

ABOUT THE PROJECT

The project "SEEDS: Substance of circular Economy concept as Efficacious Determinant for the development of Successful entrepreneurship" addresses start-uppers, young entrepreneurs, VET trainers and people with an interest in circular economy, sustainable development and entrepreneurship.

Circular economy provides the solution for re-thinking processes and building a more environmentally friendly approach by individuals to follow. The idea behind circular economy is supported also by technology development, noticeable steps being taken by the European Commission towards a healthier and more economically safe planet. The areas of climate change, renewable energy or biodiversity are some other areas of key dominance addressed in the European Green Deal.

In view of the above, the aim of the SEEDS project is to strengthen professional development of the mentioned target group through adoption or improving knowledge and skills in the field of implication Circular Economy has to modern Entrepreneurship reality.

Co-funded by the
Erasmus+ Programme
of the European Union

Project Number: 2020-1-ES01-KA202-083137

PROJECT RESULTS

The project aims will be achieved through the development of the following project results, by the organisations from Spain, Poland, Italy, Austria, Netherlands and Romania involved in the project consortium:

- **"SEEDS m-learning solution for startappers"** will be a mobile-based environment delivering courses on Circular Economy with specific focus on startappers. Thanks to this, it will enable startappers to develop their vocational skills in the area of sustainable growth. The sustainable growth is a crucial factor in today's entrepreneurship reality.
- **"SEEDS recognition and validation OER"** is expected to work in the area of recognition and validation of competences acquired through the participation in non-formal training courses on Circular Economy related aspects and their implementation in day to day activities of startappers.

PROJECT IMPACT

Taking into consideration all the actors targeted by the project - participants, participating organizations, target groups and other relevant stakeholders - SEEDS project is expected to increase multi-cultural exchange, recognition of social aspects in partners countries, and facilitate mutual integration and exchange of opinions, not only related to circular economy in VET, but also with respect to the social sphere.
