RECOVER

The RECOVER Online Interactive Toolset

IT'S A CUTTING-EDGE WEB-BASED APPLICATION DESIGNED WITH BOTH YOUNG PEOPLE AND YOUTH WORKERS/TRAINERS IN MIND. THIS INNOVATIVE TOOL AIMS TO ASSESS THE SKILL LEVELS OF YOUNG INDIVIDUALS ACROSS THREE VITAL GREEN COMPETENCY THEMES. PLUS, IT DOESN'T STOP THERE! THE TOOLSET ALSO PROVIDES TAILORED TRAINING BASED ON THESE THEMES, CATERING TO THE NEEDS OF BOTH YOUNG PEOPLE AND YOUTH WORKERS/TRAINERS.
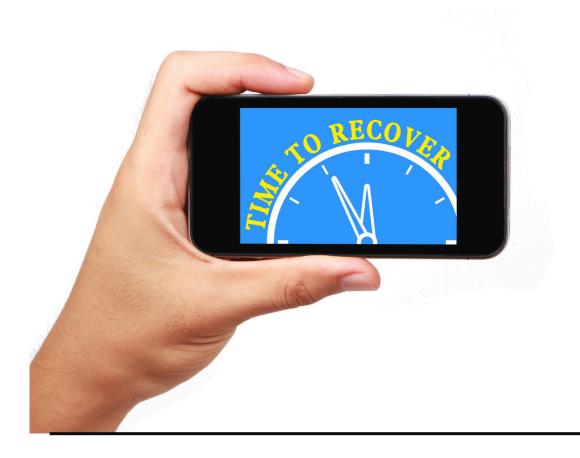

Whether a young person passionate about environmental protection or a youth worker dedicated to guiding towards greater environmental awareness, this toolkit provides the resources and tools needed to achieve your goals.

With an intuitive design and engaging content, this app aims to be a trusted partner in developing skills and knowledge in ecology and environmental protection. In addition, being accessible online, it is easy to use and offers flexibility in accessing courses and training materials, regardless of location or time.

Start your journey towards a more sustainable world today with this innovative app!

The Application's piloting phase is running from May to June. During this period the functionality of the platform is being tested with the help of a group of young people and youth workers. The feedback we get helps us to improve the app, and we will make sure that the app meets the needs and expectations of users.

With this piloting phase we are closer to providing a digital experience in green skills.
