

Women, in order to thrive as entrepreneurs in the agricultural sector through the development of an entrepreneurial mindset and skills necessary for pursuing a successful agripreneurial career based on innovative, greener, sustainable entrepreneurial models.

Through a transnational collaborative initiative bringing together 13 partners from Higher Education Institutions - VET Providers - Labor Market Actors - Technology cooperatives - Local and European Stakeholders, GAEA, aims to facilitate the flow and transfer of knowledge in the areas of agripreneurship, agri-food and agritourism reflecting on the specific need of women in terms of soft and hard skills, knowledge, values and attitudes to be entrepreneurial and generate value for their local communities.
